

# 8X20 OFFICE

MBM0820

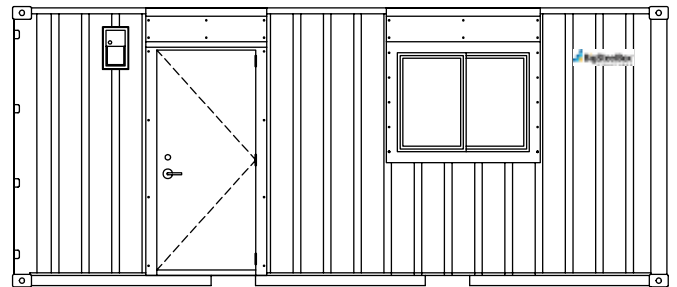

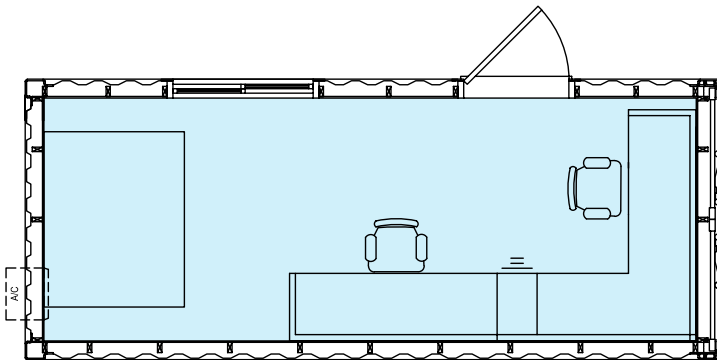

## A WORK SPACE BUILT TO MOVE

A BigSteelBox Office is much more durable and secure than a wood frame trailer. The 8' x 20' Office is our most common size and we usually have stock available for sale or rent. Because it is stackable and easy to move, this office is ideal for sites where space is at a premium.

### SPECIFICATIONS

- 8'(w) x 20'(l) x 8'6(h) corten steel shell is durable and easy to transport
- Working cargo doors with lock box for ease of loading and unloading furniture
