

8X40 OFFICE

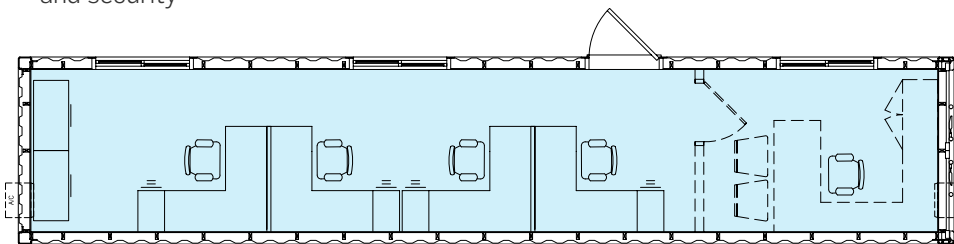

MBM0840

MORE SPACE AT THE STACKABLE WIDTH

For larger job sites that require more management space, our 8'x40' Office is a durable and secure option compared to a wood frame trailer. Because it is standard container width, it still provides plenty of flexibility if you need to stack it above storage or sidewalk hoarding.

SPECIFICATIONS

- 8' (w) x 40' (l) x 8'6" (h) corten steel shell is durable and easy to transport
- (1) powder coated steel man door with deadbolt for added durability and security
- (3) 4' x 3' powder coated sliding window with vandalism guard to protect the glass
